This workshop will cover the latest developments in the assessment of behavioral, social, and clinical aspects of children’s functioning. It will be based on Dr. Jerome Sattler’s latest book *Foundations of Behavioral, Social, and Clinical Assessment of Children*, Sixth Edition. Topics will include bullying, cyberbullying, sports-related concussions, executive functions, learning disabilities (LD), attention deficit hyperactivity disorder (ADHD), autism spectrum disorders, other disabilities, functional behavioral assessment, and clinical assessment techniques and instruments. Attention will be given to *DSM-5*.

ABOUT THE PRESENTER

Jerome Sattler, Ph.D., ABPP is a Diplomate in Clinical Psychology of the American Board of Professional Psychology (ABPP). He is Professor Emeritus and Adjunct Professor of Psychology at San Diego State University. In 1998 he received the Senior Scientist Award from the Division of School Psychology of the American Psychological Association. In 2003, he received an honorary Doctor of Sciences degree from Central Missouri State University. In 2005, he received the Gold Medal Award for Life Achievement in the Application of Psychology from the American Psychological Foundation. In 2006, he received the Distinguished Contribution to Psychology Award from the San Diego Psychological Association. His books include Assessment of Children, Cognitive Applications (Fifth Edition), Assessment of Children, Behavioral, Social, and Clinical Foundation (Fifth Edition; with Robert Hoge), Assessment of Children: WISC–IV AND WPPSI–III Supplement (with Ron Dumont), Assessment with the WAIS–IV (with Joseph J. Ryan), and Clinical and Forensic Interviewing of Children and Families. He has published over 100 articles in the fields of school and clinical psychology and is a co-author of the Stanford-Binet Intelligence Scale: Fourth Edition. The first five editions of Assessment of Children have been translated into Spanish. In 2007, a Spanish translation and a Chinese translation (brief edition) of Assessment of Children, Behavioral, Social, and Clinical Foundation (Fifth Edition) were published.

PROGRAM OBJECTIVES

Participants will be able to:

- Identify the number of students ages 3 to 21 years served under IDEA.
- Describe the statistics related to the well-being of American’s children.
- Explain the public health policies aimed at the prevention of behavioral disorders.
- Discuss interviewing, observations, and new editions of assessment instruments related to behavioral and personality assessment.
- Discuss bullying and cyberbullying.
- Describe traumatic brain injury and sports-related concussions.
- Discuss the importance of executive functions.
- Explain functional behavioral assessment.
- Discuss DSM-5 and its definition of autism spectrum disorders, learning disabilities, ADHD, intellectual disability, and other disabilities.
- Use special materials in their professional practice, including a background questionnaire, a personal data questionnaire, a school referral questionnaire, 21 semistructured interviews, DSM-5 checklists, a risk assessment checklist, a risk for potential violence checklist, an executive functions checklist, other checklists, and four instructional and behavioral support strategy handouts for parents and teachers containing hundreds of suggestions for working with children with special needs.
